

# W SERIES TDS – RED PROTECT

## HAND SANITISING SPRAY

RED Protect Sanitising Spray is 70 % alcohol based hand sanitizing spray with a fresh geranium scent and added moisturizing properties.

Produced in accordance to World Health Organisation (WHO) guidelines.

No water needed, quick drying and convenient for any situation where prevention of cross contamination is critical.

HANDY RED can also be used to sanitise surfaces including telephones and keyboards.

No slippery sticky gels, quick effective sanitiser leaving hands dry, soft and safe every application.

## Features & Benefits

- Handy Red Hand Sanitising Spray kills 99.9% of germs.
- 70% Alcohol Antibacterial spray
- Prevents cross contamination
- Highly effective Disinfectant and Sanitiser
- Dual Purpose, can be used on phones, computer keyboards, handles and most surfaces.
- Quick Dry with light natural geranium fragrance.
- No streaking

## Application – USE DIRECTIONS:

- For the best result, spray 1 -3 applications onto hands
- Rub hands together working into fingers, palms and backs of hands.
- Do not rinse.
- For surfaces, only a light coverage spray is required.
- When applying to phones, keyboards handles and other surfaces, do not wipe or rinse. Allow to quick dry.

## Health, Safety & Environment

**SAFETY DIRECTIONS:** Keep out of reach of children. Read Safety Data Sheets (SDS) before using product.

**RISK:** Hazardous. Flammable Liquid – Category 2

**INGESTION:** Rinse mouth with water. If swallowed, do NOT induce vomiting. Give a glass of water to drink. Never give anything by the mouth to an unconscious patient. If vomiting occurs give further water. Seek medical advice.

**FIRST AID:** If poisoning occurs, contact a doctor or Poisons Information Centre (Phone Australia 131 126, New Zealand 0800 764 766).

Inhalation: Remove victim from exposure - avoid becoming a casualty. Remove contaminated clothing and loosen remaining clothing. Allow patient to assume most comfortable position and keep warm. Keep at rest until fully recovered. Seek medical advice if effects persist.

Eye contact: If in eyes, hold eyelids apart and flush the eyes continuously with running water.

**SPILLS:** Wear protective equipment to prevent skin and eye contamination. Avoid inhalation of vapors or dust. Wipe up with absorbent (clean rag or paper towels). Collect and seal in properly labelled containers or drums for disposal.

**FIRE:** Flammable: Hazchem Code \*2YE

**TRANSPORT ROAD & RAIL:** Classified as Dangerous Goods by the criteria of the "Australian Code for the Transport of Dangerous Goods by Road & Rail" and the "New Zealand NZS5433: Transport of Dangerous Goods on Land".
