

W SERIES TDS – RED PROTECT

SANITISING SURFACE SPRAY

RED PROTECT SANITISER includes the active ingredient Benzalkonium Chloride which can have a residual sanitising effect whilst killing up to 99.9% of germs as recommended by the US EPA.

The product has **dual purpose** to **sanitise** and **clean** surfaces. Leaving the surface with a light floral fragrance.

Features & Benefits

- Residual sanitizing effect
- Kill up to 99.9% of germs
- Used as a commercial grade sanitiser in office, communal areas, crib rooms, toilets and showers.
- Safe on all surfaces
- Cleans as well as sanitises
- Commercial grade
- Floral Fragrance

Application – USE DIRECTIONS:

- For the best result, spray undiluted, lightly on the surface and allow 5 minute to sanitise the area
- Wipe off with a clean cloth or cleaning applicator
- RED Surface sanitiser has a residual sanitising effect. The product will continue to sanitiser whilst contact remains with the surface.
- When using as a floor cleaner/sanitiser, the product may be diluted 1-part RED Protect, 40 parts water. Clean over floor area lightly with applicator and allow to dry.

Health, Safety & Environment

SAFETY DIRECTIONS: Keep out of reach of children. Read Safety Data Sheets (SDS) before using product.

RISK: Not hazardous

INGESTION: Rinse mouth with water. If swallowed, do NOT induce vomiting. Give a glass of water to drink. Never give anything by the mouth to an unconscious patient. If vomiting occurs give further water. Seek medical advice.

FIRST AID: For advice, contact a Poisons information Centre

(Phone Australia 13 11 26) or a doctor (at once). If swallowed, do NOT induce vomiting. If eyes, hold eyelids apart and flush continuously with running water. Continue flushing until advised to stop by the Poisons Information Centre or a doctor, or at least 15 minutes. If skin, or hair contact occurs, remove contaminated clothing and flush skin and hair with running water.

SPILLS: Wear protective equipment to prevent skin and eye contamination. Avoid inhalation of vapour or dust. Wipe up with absorbent (clean rag or paper towels). Collect and seal in properly labelled containers or drums for disposal.

FIRE: Nonflammable: Hazchem Code – Not applicable, NO combustible material.

TRANSPORT ROAD & RAIL: Not classified as Dangerous Goods by the criteria of the "Australian Code for the Transport of Dangerous Goods by Road & Rail" and the "New Zealand NZS5433: Transport of Dangerous Goods on Land".
